> "I like pictures of girls with cum all over them"

DOCTOR IN THE HOUSE?

I have a weird question. I am a normal guy who likes seeing pictures of girls with cum all over them. Is this considered a gayish feeling or is it normal?

Chris, via E-mail

Claire Rayner might know as she's got lots of experience. Of answering questions like this we hasten to add!

WHO'S DA MAN?

We received this painting of the divine Veronica recently but whoever daubed the colours didn't include an address. Still, we presume you wanted us to print it so consider it published, mystery person, whoever you may be. Tony Blair perhaps? Ainsley Harriot? We can only wonder...

GET IN GEAR

Could you please get one of your girls to pose in horse riding gear. I would love to see one in riding boots, jodhpurs and with a riding crop. I know a girl in this gear would be popular and a huge hit with your readers.

Gordon, Somewhere

We did indeed do just that back in Mayfair 33/02 when saucy Cilla did the honours. Here she is again coz you obviously missed her...

TAKING THE HISS

The girl in 34/03 in the feature *Snakes Alive* with the snake wrapped around her is an absolute stunner. Is there any chance of seeing a full set with her and the snake, or has it already been printed?

Andy, Derbyshire

There isn't a full set of her, Andy, and it's unlikely there ever will be – but here's one final shot of her just for you (and your trouser snake).

BUILDER'S BUM

I'm an 18-year-old girl in college and I'd like to tell you about a sexy experience I had recently. A few weeks ago we had builders at the college and my flatmates and I flirted with the workers, and I took a real fancy to one of them. He was called Paul and with his dark complexion and fit body he looked really cute.

It wasn't long before I was walking down the corridor by myself when I noticed Paul waiting outside the store room on his own.

Thinking this might be the only chance I'd get to shag him, I pulled up my skirt so that it barely covered my white panties and strolled up to him. As we chatted I looked around and when I saw that there was nobody else about I moved up close to him, wrapped my arms around him and gave him a long wet snog.

> "I wanked his cock gently while I rubbed his balls"

As we kissed I felt his hard prick press against my hot little pussy. He wore a look of shock on his face as I smiled sweetly at him.

"There's a lot more where that come from," I said as I took his hand and dragged him into the store room and closed the door. I sank to my knees and yanked down his jeans and pants. His lovely big hard prick reared up in front of me and I began to stroke it and explore it.

I'd dealt with many cocks of boys my own age but it was a bit of a thrill playing with a grown man's big sex tool. The chance that we could be caught also added to the excitement.

I wanked his cock gently while I rubbed his balls before I moved to the tip of his hard cock and ran my finger over its helmet.

"Relax, Paul," I said, looking him in the eye. He ran his fingers through my long brown hair as I wrapped my lips around the head of his cock and pushed my mouth down his shaft, taking his length all the way into the back of my throat. As I sucked him off I pushed a hand under my

skirt and began to rub my damp pussy. Within a few minutes I felt his prick twitch in my mouth and a second later Paul groaned in pleasure as he reached his limit and filled my mouth with his hot creamy spunk. As I swallowed his come and he pulled his cock out, more spunk gushed over my chin.

I stood up and he quickly unbuttoned my blouse, pulled my bra down and began to squeeze and fondle my firm breasts. I sighed in pleasure as he swirled his tongue over my boobs, cupping them in his hands and licking them. He knelt in front of me and I shivered in excitement as he ran his hands up my bare legs and rolled my tiny skirt up around my waist. He pulled my wet panties down until they were wrapped around my white ankle socks and my body tingled as he rubbed his hand over my hot pussy lips.

> "He dragged his tongue over my sticky fanny"

I moaned as he slipped his fingers inside my tight hole. Next, he pushed his face between my thighs and dragged his tongue over my sticky fanny and sensitive clit. I gasped in delight as he put his tongue in my twat and licked me to a loud orgasm. As I came I bit my lip and threw my head back, desperate for his cock. I turned around and bent over a desk, pushing my firm little bum out and parting my legs.

I felt the tip of his hard prick push against the entrance to my snatch and a moment later I gasped loudly as he rammed his fat dick up my juicy hole. It was the first time I had been

Hey, Adele. Looks like you're in a rude mood.

Oh yeah, you can say that again. I'd never laid eyes on a golden vibrator until today. I'm just hoping I can sneak it into my bag before I go home without anybody noticing.

We won't tell anybody.
I don't normally use sex toys and I don't own a single dildo. I prefer flesh on flesh if you get what I mean, it's more intense and satisfying. But now and again it's nice to just sit back, relax, and stick one of these things up your fanny!

So what would be your favourite method of getting yourself off?

There's a lot more to sex than just 'in and out' for me. It's the right mood, the right place, the right person. I'd say somewhere exotic, with George Clooney, a bottle of wine and this dildo (just in case!) That'd do.

Woah! Mia! Our heads are spinning!
Huh? What do you mean?

You're like Ally McBeal!
Oh no, am I?

Yeah, and she's just lush!
Well I suppose I should take it as a compliment, but I can't stand that series. It's so slushy and sweet. Nothing like me, sorry.

Come on. You're a little, fluffy cutie-pie!
That just shows how little you know about me. I've done things that would make your hair curl.

Interesting. Go on, then. Elaborate.
No. Not yet anyway. Maybe if you give me some more work I'll share a few secrets, but until then I'm not saying a single, dirty, explicit word.

Okay, we'll give you more work. Now spill your gorgeous beans.
Ha! I'm not that easy. Ask me next time and I'll let you in on my sexiest secret.

You must have blokes hanging off you.
I'm actually single at the moment, the first time in ages. I'm going through a phase of thinking, 'Who needs men?' And then answering, 'Me!'

So how long do you want to be a model for?
I haven't decided yet. It seems like the sort of industry where you can be the hottest model one day and then a 'has-been' the next. I'll do it until it's no longer fun.

So about these secrets of yours…
I've told you, I'm not saying anything.

Not even a snip?
You men, you've got no patience. You want your cake and you want to scoff it, fast.

No, we just want to find out about your sex life.

Don't Try This At Home!

In-line skating may look easy . . . and it is! At least when compared to its younger brother, the latest extreme sport set in an ice free bobsleigh run! AIEEE!

Oh the joys of ice rinks when you were younger. Putting on a giant pair of clumpy skates three sizes too big, nearly braking your ankles walking on the surrounding normal floor, trying to catch up with the girls you fancied but instead falling on your arse, and then becoming paranoid somebody was going to inadvertently slice off your fingers. Happy days.

For some, the ice rink experience doesn't end up going home in bruises and opting instead to watch telly and grow fat. Some folk get a taste for the ice life and progress to the sport of speed-skating, a fast and skillful event made even more difficult due to you having to stretch into a fucking leotard beforehand. The next slippery step on the ice sports stairs is this tricky number – bob-run speedskating. Instead of hurtling around a circular track, these skaters climb into a bob-run usually reserved for those equally gutsy geezers that bomb down in sleds. It is such a fast ride most skaters are lucky to get from top to bottom in ten pieces let alone one, with the runs being completed in death-defying times.

Although the situation is different, the skaters don't take many extra precautions than they normally would, simply suiting up in their usual lycra gear and donning a few reinforced body pads here and there.

These pictures were taken from the first bob-run speedskating championships in Switzerland and, although still getting off the ground, it's already attracting attention from potential sponsors, intrigued audiences and the necessary in-lane skaters who fancy trying something just that little bit extra extreme. Now that's cool!

Hey, Veronica, please say you're not going to quit modelling.
Erm… well I have some bad news. I'm taking a break for a while and might not be back.

Argh! No! It's the end of the world! Why has God forsaken us? Why, Vron, why oh why?
I think it's time to move on to new things. I've had a lot of fun, made a lot of money, have met some great people and I'd like to end while still on top.

Fair enough. But still, why oh why?
I'd like to think there's more to me than just a great pair of tits.

There is. You've got a really saucy…
Don't answer that! Seriously, the time has come to put my bra on.

It's like finding out that Santa doesn't exist. We could cry.
I'm not finishing just yet, I'm just going to take a big break and get away for a while.

Let your hair down?
Yeah, and maybe keep my pants on!

It'll be a national day of mourning when you quit. *There are plenty of fresh models to fill my boots. I like to think I'll be making room for all the new talent when I go.*

Well, enjoy your break and hopefully we'll see you for a final shoot? *Sounds tempting. I wouldn't mind doing it one more time, as a final goodbye. I'll see. Right now I've got a plane to catch – take care all!*

against my arse as he banged away. As he screwed me, he reached around me so that I could rub my clit at the same time, and that had me in ecstasy.

The juices poured out of my tight cunt as I came over and over again, and after a few minutes Paul grunted loudly as his cock erupted and shot a load of creamy spunk up my hole, making me writhe and moan in orgasm. As he withdrew another lot of warm come sprayed over my bum, I licked the last drops of jism off his cock and then we cleaned ourselves up with some tissues I had in my bag.

We'd been shagging for nearly an hour and I had to rush off to my afternoon classes. When I got home later on, I had to put my clothes in the washing machine, I hadn't taken anything off during our steamy sex session and there were spunk stains on my skirt and blouse.

The builders finished work at the college the next day and I haven't seen Paul since, but it was a very memorable shag.

Sophie, Scotland

Goodness, a builder obsessed with sex. Who would ever have expected that?

SUPPLY AND DEMAND

My parents own a cleaning supplies shop and I often help out there. Generally speaking it's very boring but recently, Ellen, a gorgeous student came in wanting to rent a carpet cleaner. I said I'd drop it off on my way home from work – my way of finding out where she lived!

> "She had the most fantastic pussy"

When I arrived she answered the door wearing a tight vest, and a pair of black denim cut-offs. These were so short that when she turned around, I could see the bottom half of her arse cheeks. "How much do I owe you?" she asked.

"I'll settle for seeing you bend over in those shorts," I said.

She shrugged, turned around, then bent right over, touching her toes. The crotch of her shorts rode right up into her crack and when she splayed her legs I could see the slight curve of her labia on either side of it.

I got in behind her, and stroked her firm cheeks through the denim. Just one feel was worth the risk of a slap across the face. Instead, she just wiggled her arse and splayed her legs even wider.

YOU CHOOSE THE NUDES!

PICK-A-CHICK SELECT-A-SET

Every issue of Mayfair features eight super-cute girls, all undressed to impress – but in his infinite wisdom, the Editor commissions far more photo sets than we can actually use! And that's where you come in...

There are always two questions people ask when they find out we work for a wank mag: Are the letters genuine? And where the fuck do you find so many fuckable babes!? Well, the answer to the first one is an emphatic 'Yes' (although we can't guarantee that the letter writers actually get up to what they claim to have gotten up to...), and the answer to the second question is, 'We fucking don't, the fucking Editor does!'

YOU PAYS YER MONEY...

The problem is that he's always changing his mind – a girl will be God's gift one minute and a disciple of the Devil the next. That's why we have so many unused foxy photo-sets spilling out of every available filing cabinet. Well enough is enough. We've taken it upon ourselves to select a dozen of these previously unpublished photo sets, and we're giving you the chance to vote for which six you'd like to see in a future edition of *Mayfair*. Some of the girls you will have seen before, while others have never appeared anywhere in the world until now – and which ones end up in the mag is entirely down to you lot.

YOU TAKES YER PICK!

In order to register your vote, you must use the coupon provided (or a photocopy of

PAULA

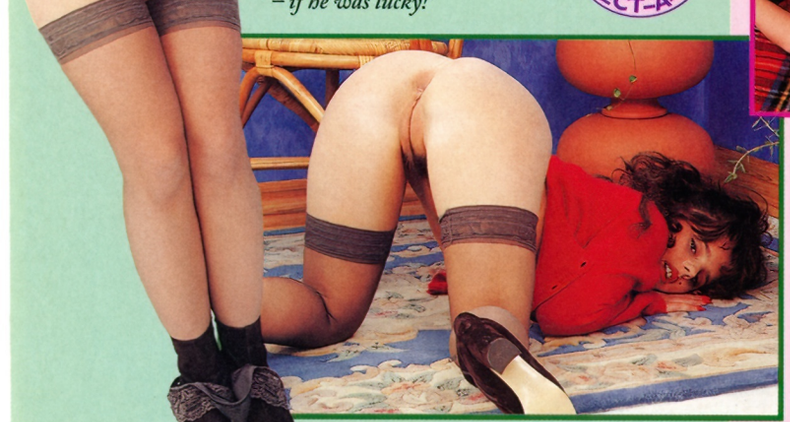
"She's a bit shy, this one, so you may have to coax her out of her shell – and knickers! Also, get that cute hair stylist in for the day (you know, the one with the nice arse – Marci? Marvie? I can't remember her name), because Paula will need to have her roots done – you'll notice when she's starkers that her collar doesn't match her cuffs, so to speak."

PICK-A-CHICK Girl A SELECT-A-SET

LARA

"Lara's got plenty to offer, and do I mean plenty! She's a bundle of fun, this one, and she's got a cracking smile, eyes to die for, and a smashing pair of knockers. A man could die between those thighs – if he was lucky!"

PICK-A-CHICK Girl B SELECT-A-SET



ALYSON

"Here's another new young hopeful called Alyson (yes, she spells it with a 'Y'), and she should work out very well. She's really cute and dead keen on forging a career in glamour. Also, no more plastic garden furniture, please, it looks cack and gives the girls sweat rashes."

PICK-A-CHICK Girl C SELECT-A-SET

it if you don't want to damage your mag). Each of the girls has been assigned a letter from 'A' to 'L', and you must put your highest score (12) next to the girl you like best, eleven points to your second favourite, ten to your third choice… all the way down to a score of just one point for your least favourite.

It is important that you award a rating to *each* of the girls available as we will be totalling up the points each girl has scored in order to find the six most wanted women. We'll let you know who scored what when we print the results (and the pictures!) in *Mayfair* Volume 34 Number 8…

Finally, in order to help (or possibly hinder!) your decision making, we have included a couple of sentences from the Editor's original brief to the photographer. Not only will these cryptic clues give you a unique insight into the inner workings of a top-shelf title, but hopefully give you some indication of what we have to put up with day in, day out!

SAMMY

"Yeah, yeah, I know Sammy has been shot to death, but she's still popular with the readers so I've booked her for a photo shoot next Thursday. Keep it simple this time, I don't want to see any more stupid futuristic sets. Just plonk her down on a bed – she'll know what to do."

PICK-A-CHICK SELECT-A-SET Girl D

DEBBIE

"As we discussed over the phone, I'm sending over a new girl called Debbie. She's a right little raver this one (pierced nipples and everything!), and she reckons she's going to bring her own clobber. Make sure it's top quality 'fuck-me' gear she'll be wearing, though, as I don't want to see any of that cheap and shoddy PVC shit again!"

PICK-A-CHICK SELECT-A-SET Girl E

PICK-A-CHICK SELECT-A-SET Girl F

PATSY

"Hubba hubba! You're going to LOVE this little beauty. Patsy's a first class babe, she's hot and knows just how to strike the right pose. Also, she's a bit of raver so, if she starts getting frisky with her fingers get her to ease back a bit – you know the score: we can't use the shots if they're too rude…"

RACHEL

"I know you've shot Rachel a good few times in the past, but I want to see her really sparkle this time. It was an uphill bloody struggle getting her back in front of the cameras again (she tells me she's recently decided to retire from the glamour biz for good), so this could be the very last time we see her in the buff (sob!). So do get it right, eh?"

PICK-A-CHICK SELECT-A-SET Girl G

KATI

PICK-A-CHICK Girl H SELECT-A-SET

"The 'bad news' about this girl I'm sending you is that she only speaks four words of English. However, there is some good news: the words are 'Yes' and 'Anything you want!' Let me know how you get on, but go easy in the wardrobe department. If she sees anything black and shiny she'll be in it in a second. I'm not into this whole dressing up as a bin bag craze."

PICK-A-CHICK Girl I SELECT-A-SET

RHONDA

"From the right angle – and in the right light – this girl looks very much like Madonna. I don't know if it will be worth billing her on the front cover as a 'Madonna Look-A-Like' until I see your shots, though, so see what you can do. Oh, one other thing: no conical bra's, please – and for god's sake no bloody crucifixes!"

PICK-A-CHICK Girl J SELECT-A-SET

EVA

"As you know, there aren't many Asian girls in the glamour biz these days, but young Eva reckons she's well up for it! Put her in white lingerie to accentuate her gorgeous skin tones, but make sure it's good quality gear – I've had it up to here with shitty £3.99 stockings and sussie-belt sets. Oh yeah, and don't get carried away with those mind-bending backgrounds you seem to specialise in – it's Eva we're interested in seeing – not your psychedelic sets!"

PICK-A-CHICK Girl K SELECT-A-SET

CLAIRE

"Claire's got a body that would make the Bishop of Durham kick a hole through his stained glass windows for a better look, and as she's a professional dancer she can pose like nobody's business. But word has it she likes to listen to Steps a lot, so check her for tapes before you open the door!"

MAGGY

"As they say down my local, you don't get many of these to the pound! Maggy is a girl with beautiful big natural boobs, and she's got lovely slender legs and a peach of an arse. Seriously, you can't go wrong with this one (unless Kodak fuck up the processing)."

PICK-A-CHICK Girl L SELECT-A-SET

WINNERS TAKE THEM OFF!

So what's with the racquet, Vicky? Are you a sporty type?
No, your Editor said he wanted a set of a girl holding a racquet for a 'summer feel'.

Doh! The illusion has been ruined!
I'm not really the sporty type, although I do go like a jack rabbit when having sex. Kinda sporty.

Quite.
I do like to keep fit but I prefer to lead a fast life rather than have sessions down the gym. A busy life always keeps you on your toes. And sometimes flat on your back!

So what do you do that's so hectic?
Oh you know, places to go, people to meet. And then have sex with. I like to think I'm an 'it' girl, but far more pleasant than the ones you see in the papers. I'm the ass with class.

So are you a bit of a party animal?
Absolutely. Whatever lig there is I'll try and be at it. And I'm also on the look out for somebody special.

Really? Who?
Basically, any man who's got loads of money. And maybe even his own private tennis court!

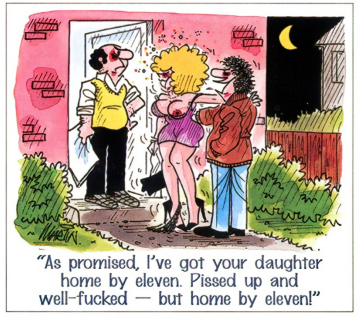
Her shorts were too tight for me to slip a finger inside them, so I settled for rubbing her slit through them, pressing the seam hard against her clitoris.

My prick was getting rock hard in my pants, so I pulled it out with my other hand and wanked it. Ellen straightened up slowly, then undid her shorts and pulled them down. She had the most fantastic pussy, plump and fleshy. She bent down again then reached back to part her folds, stretching open a very juicy hole.

She whimpered as I slipped one finger inside it, then another, then moaned even louder as I replaced them with my prick.

"Slowly," she murmured as I thrust. "Fuck me slow, and deep." I buried my whole length inside her and started grinding around. Once again, she reached between her legs, this time grabbing my balls. She squeezed and massaged them, cupping and rubbing them against her wet, sticky labia, gasping with pleasure as my rough pubes tickled her clit. Soon my climax was building far too quickly for me to hold back from thrusting in and out.



"As promised, I've got your daughter home by eleven. Pissed up and well-fucked — but home by eleven!"

> "As I fucked her pussy, she frigged herself"

"Okay, I'm just going to fuck you now," I said, moving her hand from my balls and onto her clit. As I fucked her pussy she frigged herself, and orgasmed around my shaft almost immediately. I was still fucking her deep, but even harder now, so I had to grab her around the arse to keep our balance. At last I felt my crotch muscles jerking and tightening, and as my balls bunched up I pulled out and fired five or six spurts of jizz all over her arse. As I rubbed it into her cheeks and crack, she frigged herself to another orgasm.

The next day she called me at the shop, telling me I could pick the cleaner up whenever I wanted to. When I got to her place, she answered the door naked!

Ethan, Liverpool

Try fucking on the carpet next time and then see if that cleaner really does do what it claims.

BLOW FOR BLOW

When my boyfriend Sean and I were both invited to meet Sara, an ex of his, I wasn't too sure about it. He'd dated her for about six months when they'd both been eighteen, a couple of years before we'd got together. I didn't even know her that well, even though we'd been to the same school, as she'd been in the same year as Sean, the one above mine.

As it was, that didn't matter, we got on really well. She had a wicked sense of humour and we just spent the evening comparing notes on things we had in common. After a few more drinks the conversation got more intimate. The obvious thing we had in common was Sean, and we got onto oral sex and how much he loved blowjobs.

It all ended up with Sean sitting blindfolded with his jeans around his ankles, having to say which of us was sucking his cock.

Sara went first and I watched the way she started off, running her tongue, in long, rough licks, over the underside of his helmet.

When cum was glistening on the tip, she licked it all over his helmet then pursed her lips loosely, letting his prick slide in and out between them as she flicked the tip of it with her tongue. This was something I always did, as Sean had told me he liked it.

I was wondering if Sara had been the first girl ever to do it to him, or even the first girl ever to suck him off.

I watched her as she took him further into her mouth each time, then let him slip back out for another licking. I could almost predict what she'd do next, it was like watching myself suck him off. She even glanced upward as she took him halfway down her throat, but of course she couldn't make eye contact this time!

When it was my turn to take over, I wrapped my hand around the base of his cock, then gently scraped my long fingernails up and down the underside of his shaft – another Sean favourite. Sara grinned, obviously recognising this. I let him fuck my lips, just as she had, but now he was doing it even deeper. One by one I uncurled my fingers, until I was taking his whole length down my throat. Sara looked impressed and I wondered if she'd ever deep-throated him.

> "I slapped his cock against my tits"

We carried on until I felt Sean reach the brink of coming. I let his cock slide out of my mouth, then slapped it against my tits. As Sara wrapped a hand around his shaft Sean took off his blindfold, grinning like the lucky bastard he was as he saw us both take a mouthful of his spunk – yet another of his pet turn-ons.

"All bets are off. She wasn't wearing any!"

Luckily for him, he guessed who had been sucking him at whichever point, but he refused to be drawn on which of us had done it better!

Morris, Newport

Sounds like a great concept for a new game, Morris. If MB are listening, get in touch!

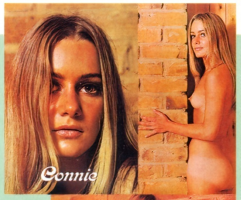
DECADES OF DECADENCE TAKE A STRIP WITH US DOWN MAMMARY LANE

What does the future hold? We've no idea. But we know what the past held – lots and lots of copies of **Mayfair**. For those who can remember and for those who think paper was only invented last Tuesday, let's take a look at our mag as it sailed through the ages. Ohh, it's like a history lesson with breasts . . .



THIRTY YEARS AGO THIS MONTH
Volume 4 Number 5

A pile of treasures lay in this golden oldie. Let's dig them up and see what they smell like…

Best Girl: Connie. Blonde stunner Connie was 21 and looked lovely (even when posing next to a brick wall), and was described by the eagle-eyed editorial folk as, '…a generous girl with a sweet-and-sour blend of impish innocence and womanly maturity.' Indeed.

TWENTY YEARS AGO THIS MONTH
Volume 14 Number 5

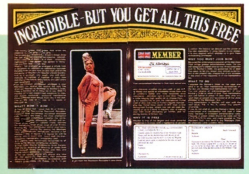
A saucy 70's issue where the girls were still gorgeous and the men's fashions were edging towards acceptable.

The obligatory Carrie cartoon

From Volume 14 Number 5 came the cartoon legend herself, the infamous Carrie who, no matter what, always ended up starkers. What a gal!

Best Girl: Karen. With a body that looked like it had been chiselled to perfection by God's own hands, Karen possessed an arse more level than most shelves – and as for those bouncy *Charlie's Angels* style locks… hubba, hubba!

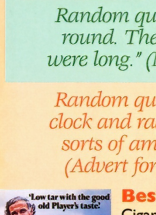
Runners-up: Snake girl Jacqueline simply for oddness, a couple of unknown girls modelling shirts that look like tablecloths, and broody Coral who sat in a load of weeds. Sweet.



Best Feature: The *Mayfair* club card, a bit of plastic you could buy to apparently get into certain clubs for free, plus the opportunity to join the Fichel club whatever the fuck that was. And all for only four quid!

Best weirdo: Berlin's topless disc jockey, Jenny.

Best cartoon:



Best Advert: Y-fronts weren't just bad pairs of pants, they were a big company that made shirts just like these brightly coloured dazzlers (side-burns sadly not included).

Random quote: "Angela's belly was round. The faces of the local men were long." (Naked Ambush, fiction).

Runners-up: Beach babe Angela Jay in the sun and in the nude, the super-cute Nancy and the sophisticated and fuckable Lindsay. Grr…

Random quote: "When you use the clock and radio sections together, all sorts of amazing things happen." (Advert for the first clock/radio).

Best Advert: Cigarette ads should be banned simply because these days their ads are shit. But back in the 70s they featured top blokes – check out the sheer quality of this crazy dad!

Best weirdo: Taken from an advert for breath fresheners, scary 'Robert' looks like he's just discovered his cock is actually a pig's toe.

Best Feature: The fictional stupidity of 'Infallible Bird-pulling' about a spotty bloke's encounters with women. Only any good because it wasn't about old cars.

TEN YEARS AGO THIS MONTH
Volume 24 Number 5

The 1980s were, let's face it, the dodgiest decade going. Shit fashions and naff music – only good old *Mayfair* ruled supreme!

Best Girl: Susie Supposedly a 'student teacher', Susie bore all the marks of an 80's shag-puppy – mainly the overly-bright pink lipstick all the girls wore that acted like a siren in every Duran Duran infested disco emporium. Cock magnets the lot of them.

Random quote: "My Percy was in agony" (a feature on circumcision).

Runners-up: Cameras went hazy for Judith to step her charms into and then put on a wide angle lens in order to cram Helen's massive hair into. And as for Andrea – again it was 80's blue eyeliner that gave extra rut appeal. Ugh!

Best Feature: Back in the suppressed 80s, any film which featured nudity was considered scandalous, as was the film *Scandal*. The main feature showed the female stars nude. Shocking!

Best Advert: The *Mayfair* 'go anywhere' jacket. Wonder if any man went anywhere near their parents wearing it?

Best weirdo: Amidst an illustration for a feature on working girls was this man with a conker for a head.

Dressed to kill, Tamara?
No, just dressed to give lots of men the horn. Red is a powerful colour, you know, it can generate many feelings.

Good job there aren't any bulls around, eh?
Oh ho! A joke! But I do like men to be beasts in bed.

You go for that animal attraction in a bloke then? ***Yeah I like a man to be gruff and hairy. Bark!***

Were you born in the wild then? ***I'm a wild child, I know that much. But I'm a bit of a softy, too.***

We're not soft. Not looking at these shots anyway.

I'd like to get back to nature more, to quit modern life and just go and live in a wood. Free. And nude!

Can we come?

You'd come alright. I might set up my own community, just me and lots of hairy blokes having a laugh. Of course, that's not all we'd do!

Celebrity Sizzlers!

Video killed the radio star and Mayfair likes to reveal the video stars naked! Here's another dose of high class ass . . .

WHAT A FOX!

It was in the ropey film *Independence Day* where **Vivica Fox** first made a big impact, and she has now become one of the hottest black actresses in Hollywood.

ID4 saw Vivica playing Will Smith's stripper girlfriend and one might have imagined that portraying a character like this would have yielded rich pickings for our *Sizzlers* column. But it was actually her role in her follow-up film, *Booty Call*, that turned out to have the real booty on this black beauty. The film is a sexy comedy about two black guys who get into a series of scrapes while trying to buy condoms late at night.

"The 34-year-old cutie flashes a tantalising nipple or two"

She's slinky, sexy, and not in bed with us. Doh!

The 34-year-old cutie from South Bend, Indiana, flashes a tantalising nipple or two here in a short but sexy sequence with actor Jamie Foxx. Ironically, Vivica's only other brief nude scene was also in a sort of *Independence Day* movie – she played a hospital hooker in Oliver Stone's *Born On The Fourth Of July*!

Joely's fine performance in a swimming costume drama.

JOELY GOOD SHOW!

Tall, slim and sexy, **Joely Richardson** is the younger sister of actress Natasha and the daughter of Vanessa Redgrave.

"I have no problem with appearing nude in films," she said in a recent interview. "After all, I grew up in St. Tropez where everyone walks around naked. And anyway, I only take my clothes off in arty productions."

Among the arthouse wankathons she's bared all in are *Wetherby*, the grim drama which marked her screen debut, and Peter Greenaway's extremely odd *Drowning By Numbers*, where she played a sexy murderess who bumps her hubby off in a swimming pool – although he manages to slip her a length or two first, of course.

"I shall keep taking my clothes off until people tell me to keep them on" – Joely Richardson

These days Joely's more likely to be found starring in big budget Hollywood productions such as the sci-fi blockbuster *Event Horizon* and *101 Dalmatians*, but she says she intends to return to her arty farty roots very soon, which means more kit-off action. "I shall keep taking my clothes off until people tell me to keep them on," she jokes. We like that sort of spirit in a woman…

Tanya and her many hairstyles, including our fave the 'sex pot'.

"Yes, that's right, Miss Rogers – we always insist on a full body examination before an eye test!"

THE FULL MIMI

The sexiest older woman in Hollywood, there's no doubt that **Mimi Rogers** still looks sensational at 46. "I'm a babe," she stated in a recent interview, "so I don't have to worry about my age too much." Currently at a career high thanks to starring roles in *Austin Powers* and *Lost In Space*, Mimi doesn't seem to worry about keeping her clothes on either. The controversial new cable production *Full Body Massage* has a particularly juicy role for her as a rich bitch who keeps getting massages from Aussie stud Bryan Brown.

"I'm a babe, so I don't have to worry about my age too much" – Mimi Rogers

The first scene in the flick has Mimi getting undressed, unsnapping a big, industrial-strength bra that unleashes her swaying titanic bosom to earthshaking effect. She stares into a mirror looking at herself, and connoisseurs of celebrity crumpet get a choice view of a pair of hooters sent from heaven. Mimi's explicit nudity continues for the next ninety unbelievable minutes, by which time we're sure most viewers will be wanting to indulge in some massage of their own. We'll leave it up to you to decide whether you want oil or talc!

SHE'S NO ANGEL!

We have to admit to feeling a twinge of nostalgia – mainly around the crutch area – when we heard that Hollywood was planning to do a feature film based on the old *Charlie's Angels* TV series. This show was the *Baywatch* of its time, and designed primarily for discerning male viewers to watch Farrah Fawcett and her co-stars bounce around when they chased after criminals.

"Tanya worked exclusively in B-movies, the sort released direct to video with wipe-clean covers!"

Though Farrah was the star, our nomination for the hottest cast member goes to final season sexpot **Tanya Roberts**, a pouting redhead from Brooklyn who is the Angel who has had the most startlingly sexual and shocking post-Charlie career. Since playing a Bond girl in *A View To A Kill*, and flopping in big screen epics like *The Beastmaster* and *Sheena*, Tanya has gloriously descended to working almost exclusively in B-movies of the sort that are released direct to video with wipe-clean covers. Now often a blonde, Tanya shows it all in softcore hits like *Night Eyes* and *Sins Of Desire*. Both films 18 rated and – bound to please!

You're proving popular as our Internet girl, Gilena.
Am I? Lovely. I'm getting the hang of it now. I must admit I found it a little tricky when I first started, but now the camera rolls and I peel. Simple.

You'll have enough for your own feature film soon.
People would get bored with me, wouldn't they?

What, looking at you strip for about two hours? Hardly!
It's tempting but I'm not sure many people would buy it. I could do with the money, though. I'm saving up.

Saving up? For what?
I'm not sure, but I want to invest in something. Maybe my own sex club.

A club? Yeah, we can see it now. You could call it 'A Good Crack'.
I'd have to think about that one.

So would it be a really plush place?
Nah. Just a bar with a big TV playing my video. A winner!

COPPER LOAD OF MAYFAIR

We do our best here at *Mayfair* to feature the women you blokes want to see most, and when a few of you sent us a Sunday magazine cutting about actress Joy Brook we thought we'd get on the case.

The interview with *The Bill* star in a Sunday glossy revealed how sexy Joy would like to 'get her kit off for a men's magazine' and quoted her as saying "I'd love to do a sexy shoot, but I don't think I'd be any good for it now."

Well, like sniffer dogs on heat we set about seeing if Joy was as true as her word, and the Ed sent her a fax inviting her to appear in her very own *Mayfair* shoot. Alas, we have yet to receive a reply to our courteous missive so can only presume Joy was having a laugh. Hey-ho. You see, it pays to be careful what you wish for…

MAIL OF THE SPECIES

Poor old Mrs Hopper of Shrewsbury in Shropshire. The 75-year-old received an apology from the Royal Mail for misdirecting mail to her house, and they decided to send her a bunch of flowers. Which they did – but to the wrong address!

PUT A FOOT WRONG

A grocer in a Seoul, South Korea, told police he awoke after a heavy drinking session to find his feet missing. Police first suspected his creditors as the grocer was $250,000 in debt from gambling losses, only to later discover that he had taken out 24 insurance policies that would pay up to $1.7 million if he became disabled. It turned out that the grocer had hired taxi driver Kim Kui-Yong to sever his feet at the ankles.

WHAT'S IN A WORD?

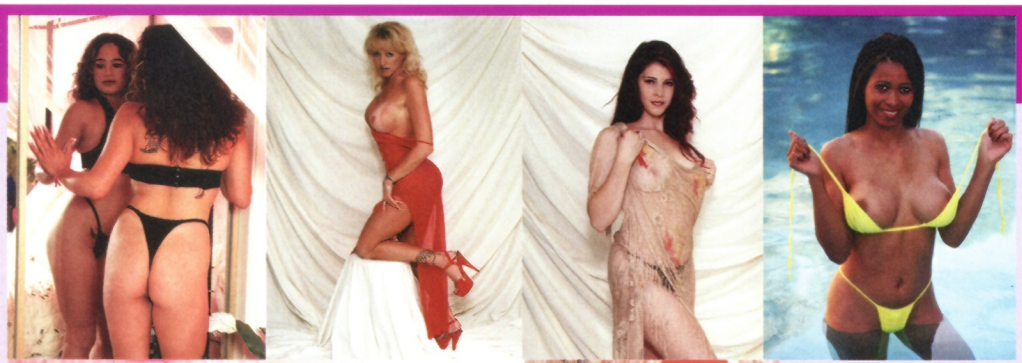
Films distributed to Asia often end up with literal title translations. *Leaving Las Vegas* became *I'm Drunk And You're A Prostitute*, while *Babe* became *The Happy Dumpling-To-Be Who Talks And Solves Agricultural Problems* and the *Crying Game* became *Oh No, My Girlfriend Has A Penis!* Talk about spoiling the plot!

FORTEAN TIMES ARE BEHIND THIS AND OUR ROYAL FAMILY ARE BEHIND ALL SORTS OF DARK SHIT!

KILLER B'S

Pagan films is a new video label releasing flicks that are right up our odd, twisted street. Specialising in the sort of Mondo films that get you laughing and going, "eh?" at the same time, the first two oddities that have been let loose are *Girl Slaves Of Morgana Le Fay*, a 1972 horror classic full of vampires and a dwarf, and the excellent *Hellish Love*, another horror tale this time set in Japan with many a weird and wonderful erotic moment. Devilish fun! *For more info on these and new releases write to: Pagan Films, PO box 28504, London N15 6WJ.*

LET THE CAT OUT

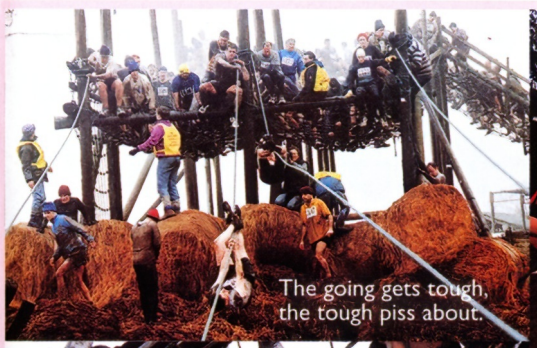


As we all know, women are lovely soft petals, dainty and gentle spiritual beings full of warmth, creativity and compassion. BAM! Or are they? SMACK! In fact – BOOSH! – if the video *Extreme Catfighting* is anything to go by – THWACK! – they are vicious creatures who could throw men up in the air! CRACK! DOOF! POW! This is the sort of video to make you go "Ouch" and "Ohh", making your eyes water while you wonder what the world is coming to. Certainly different. *If this barks up your tree you can buy Extreme Catfighting for £12.99 on the Visual label. Meow!*

METAL GEAR SORDID

Call us fat twatty wimpy fuck-dogs ["You fat twatty wimpy fuck-dogs!" – everybody] but the idea of stabbing a stud through our cocks really doesn't appeal very much. We nearly scream our heads off when biting a nail too short, let alone letting some tattoo parlour chump clamp metal bits into our 'hangy gentleman'. Piercing is popular, but although it seems at times you're the only one who hasn't got a bolt through your bell-end it's not *that* fashionable. Which is why you – or you're girlfriend, whoever wears the trousers – might want to try a latex penis extender with metal already 'installed' in their fake tips. Single ladies might even want to cut out the cock altogether (yikes!) and plump instead for the enormous towering dildos, again with studs and rings already included. These new 'gifts' from PA Products come in all shapes and sizes, just like real cocks, and they'll even pierce your favourite sex toy (as long as it's a dildo. Don't fetch your Jiggly Jenny out of the cupboard just yet) with any jewellery you like. *For more info call PA on 01942 606669.*

Made to make your eyes water...



The going gets tough, the tough piss about.

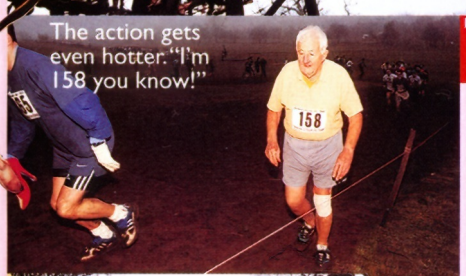
It takes a lot to be a tough guy. But not fashion.

"You look ill, love. And the race starts soon."

The most feared obstacle of all, it's the terrifying – 'stream'.

The straw claims another victim. Tough Guys: 0 Nature: 189

And here we see a danger-ous plank.



The action gets even hotter. "I'm 158 you know!"

TOUGH AS OLD COOTS

So you think you're a man, eh? Think you're a tough guy, do ya? Well you ain't tough until you've run around some wet planks and jumped over some straw if the annual 'Tough Guy Marathon' is anything to go by. This competition saw over 3,000 blokes enduring all sorts of nonsense obstacles on a farm in Wolverhampton.

Obstacles like the awesome 'Electric Tiger', the truly horrifying 'Terror Tunnels' and the mighty 'Killing Fields' which all sound impressive but actually look as scary as a mint if the photos are anything to go by. Tough, our arse. For fuck's sake, look at these loons. As tough as a pile of sponge. *Gladiators* has got so much to answer for.

Medics arrive just in time with the vital 'pie and gravy jacket'.

And all this just so some blokes can jump in a load of mud.

A happy tough guy relaxes in some straw. Worth every minute.

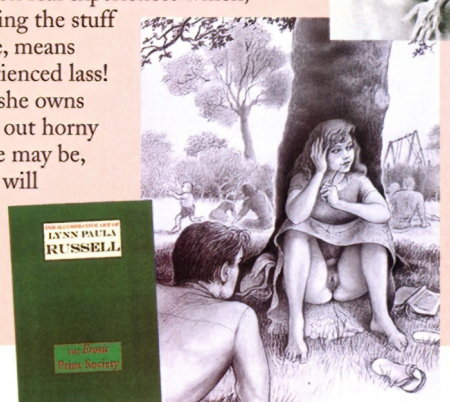
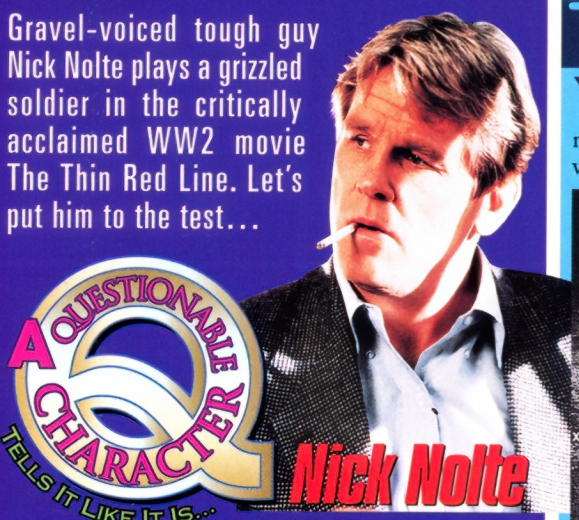
PERFECTLY PERVERTED

If only the National Art Gallery would run a special exhibition in which all their paintings were replaced by the work of Lynn Paula Russell, an artist who's not shy when it comes to the subject of sex. Her fine art drawings leave little to the imagination, with pages bursting with images of full penetration, bulging cocks and S&M scenes. Lynn likes to base her work on real experiences which, when considering the stuff on display here, means she's one experienced lass! Either that or she owns a magical fuck pencil that secretly spurts out horny drawings in the night. Whatever the case may be, the *Illustrative Art Of Lynn Paula Russell* will certainly make your mouth water and is the only art book we've actually looked at more than once. An essential purchase for erotic art connoisseurs, it's out on the Erotic Print Society label.



MAYFAIR From SCENE

Gravel-voiced tough guy Nick Nolte plays a grizzled soldier in the critically acclaimed WW2 movie The Thin Red Line. Let's put him to the test...



Q: Do you think *The Thin Red Line* is a bit of a comeback role for you?
A: Fuck, no – I've never been away. I've just been making movies that nobody wants to go see. But I'm happy with the films I have been doing. I don't think in terms of my career. I don't think what the studios want. My agents long ago gave up telling me what to do. If a script grabs me, I'll do it. *48 Hrs* was a big success, but I realised fairly early on in my career that I had no interest in getting stuck in an action hero category. It's too limiting and I can't relate to those characters. If you ever got too deeply into them then you'd have to address the nature of what it is to pull the trigger.

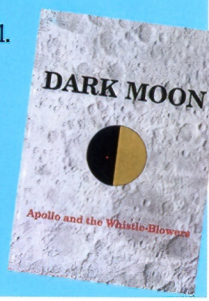
Q: Are there parts that you regret turning down?
A: None that I can think of. It's on record that they wanted me to play Superman and that they dropped me when I suggested that the character should be played as a schizophrenic. *Indecent Proposal* was another one they offered me, but I didn't like the script. Working on a film should be a life-affirming experience. The material and the people involved are more important than money when you do a movie. Because when you're in your grave, they're not gonna write, "His film made 200 million dollars." But they might write, "He made *On The Waterfront*."

Q: Some of the films you have done recently haven't exactly been *On The Waterfront*, though. What was your excuse for doing *I Love Trouble* with Julia Roberts?
A: Yeah, well the script was good, but something went wrong with that movie. I could see it was going bad and I actually developed an irregular heartbeat, which turned regular again as soon as the shoot ended. That was a lesson to me, not to get involved in that kind of fiasco again. Sure, afterwards you can take your $10 million and buy a house and some motorcycles and travel to the Riviera, but then this god-awful movie comes out and you've got to face the press and they're asking, "Why'd you make this fucking film?"

Q: In a recent GQ interview you said you'd had a testicle tuck because your scrotum was sagging. You also said your wife was a trapeze artist. Do you invent these things to wind the press up?
A: Of course! Listen. Whenever I'm interviewed it always comes out different from what I actually said, and I end up being embarrassed by what I read. To avoid that feeling I decided to tell stories that weren't true. So instead of dwelling on my divorces, and the amount of drinking I've been doing, the press printed that my wife was a trapeze artist. It protected me. I also realised that nobody who's interviewed tells the fucking truth. Nobody's showing you who they really are. It's all a facade. Just for the record, though, my testicles are still where they've always been.

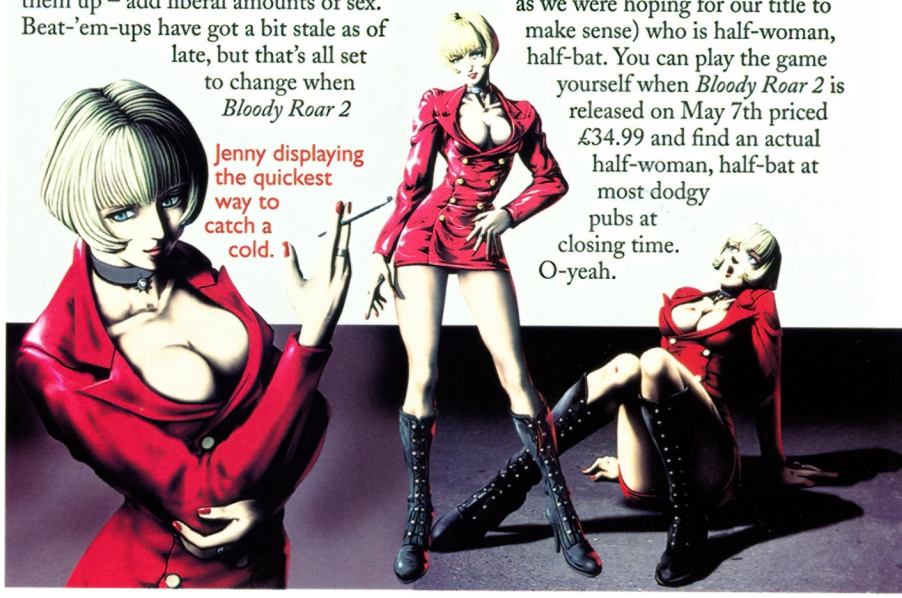
THEY'RE LYING TO YOU!

You may not realise it yet, but life as you know it is being manipulated by a covert group of esoteric gangsters! Funny, eh? One of this mob's biggest tricks was conning us into believing the moon landings back in the 60's actually happened, when they were in fact staged by the intelligence network. Think we're a massive pile of nuts? Then check out the whopping amount of evidence in the incredible book *Dark Moon* which proves the whole thing was a scam. This excellent manual is packed with intricate and highly revealing pictorial evidence, and will convince even the most hardened cynic that there's a big, horrific rat to smell. *Dark Moon is available from Aulis Publishing, 25 Belsize Park, London NW3 – and costs £16.99. Get it, or get nabbed by the Reptilians!*



BLOODY NORA!

When video games get a bit dull there's always one way guaranteed to liven them up – add liberal amounts of sex. Beat-'em-ups have got a bit stale as of late, but that's all set to change when *Bloody Roar 2* gives it a thorough breasts and leather boots revamp in May. The characters in this head-to-head graphic bash include weird animal people, the most eye-catching of which is Jenny (not Nora as we were hoping for our title to make sense) who is half-woman, half-bat. You can play the game yourself when *Bloody Roar 2* is released on May 7th priced £34.99 and find an actual half-woman, half-bat at most dodgy pubs at closing time. O-yeah.



TIME FOR CHAN

It's amusing to do a bit of exercise and con yourself you're fit and then watch a Jackie Chan film and realise what a cumbersome, clumsy, creaky cow-man you actually are. Chan is probably *the* action star of the 20th Century simply because his inventive fight sequences are so breath-taking. Admittedly, the bits between the fights are the equivalent of adverts between Coronation Street, but his films are always enjoyable and with the guy risking death every time he steps on a set you can't help but be impressed. We rate a number of his flicks as collectors items and you're in luck, as they're being re-released on the Hong Kong Classics label – and in widescreen, too! Cor! *Dragons Forever*, *Heart of the Dragon*, *My Lucky Stars*, the superb *Wheels on Meals* and the highly recommend documentary *My Story* are out now priced £13.99. See and be stunned.

FANTASY SHAG!

Caprice

By Kevin Pilley

I am in the waiting room to see the doctor. Surgery begins at ten o' clock and I have got there early, but two people are there before me already. An old hunched-over man goes in first and quickly comes out. A couple more people come in.

I eventually get to see the doctor and as I enter the office I nearly swallow my tongue as I see that the doctor is, in fact, Caprice!

"What can I do for you?" she enquires.

"It's rather embarrassing," I say, and she gives me a raised eyebrow.

"You mean it involves taking off your trousers?" she continues.

There is a long silence and then Caprice finally gets up and rinses her hands. I stand there not knowing what to do or rather knowing exactly what to do but not wanting to do it.

"I'm waiting," Caprice says, drying her hands.

My hands move to my belt buckle and I tug down my trousers. I open my pants and close my eyes. I'm expecting Caprice to sigh, bored and unimpressed.

"My word," she exclaims. "Your physique, it's perfect! What a specimen of manhood you are. I am used to seeing some real wrecks so you come as a rather pleasant and unexpected surprise. A very stimulating surprise. Do you mind if I photograph you? You are an Adonis after all."

"If you want," I say, standing there with my stomach sucked in. "But what about the other patients?" My voice falters as if I have goosebumps on my vocal chords.

"Forget about them," Caprice says as she sets up her camera. She shoots film from all angles and is standing inches away from me.

She begins to nibble my flesh, her tongue lapping my nipples. I groan in ecstasy, but then suddenly she stops. She tells me to get dressed and writes a prescription for my rash

"Nothing to worry about," she says and then, after a pause, her voice becomes husky and she lays a palm on my chest. It slides down to my belly button and town towards my waist. She cups my balls lovingly. It is warm and safe in the half dark of the curtained room and we hold each other tightly. Clinging together, our breath mingling, it is not necessary to speak.

We fall onto the floor. Her dress rides up. I roll on top of her. Afterwards she brushes herself down and says goodbye. I leave her surgery without looking back. A man, his hair glued across his head, passes me on his way in. I give him a knowing, satisfied smile…

You're every man's wet dream come true, Jess: A sexy girl who's happy in the kitchen!
Yeah, but notice I'm not doing any cooking… As far as I'm concerned that's a man's job.

You're not one for doing the washing up then?
Fuck that! I don't think any woman should have to put up with doing the housework.

Ever tried sex in a kitchen?
Of course, can't you tell? It's not the most comfortable place to shag, but there are plenty of things to bend over!

So you wouldn't cook for a bloke?

I might cook the odd meal, but they'd have to do the same. I like to share everything with my lovers, and I mean everything.

They say the way to a man's heart is through his stomach, but in my experience it's attained by opening my legs a lot. That technique always works!

My husband brought 6 of his mates home from work and asked me if I would fuck them all. I am a fuckmaniac, so I asked them to tie my husband up and then let them strip me and fuck me. Some of them made my husband suck their cocks while they were waiting in line to fuck me. One even shoved his butt in my husbands face and made him lick between the cheeks, he loved it. THIS IS DIFFERENT

Dear Mayfair reader,

If you enjoy **intimate phone fucking** with a sexy girl, then you're in luck. My name's Bob, and I've put together the **ultimate no nonsense adult chat** service, just for people like you and me. No international calls, no dodgy English, and you don't need a credit card.

I won't waste your time.

You want value,
You want choice,
You want action,
YOU'LL GET IT!

We're different - a **short snappy intro** gets you into the action quickly, and **you get to choose** who you talk to. You can listen to the girls before talking to them, you can even get back to your favourite girls when you call again!

Whether you're a first time caller or a seasoned phone sex addict I'm sure I've got someone for you. Gorgeous girls, horny housewives, strict mistresses and more! All friendly, articulate and **eager to satisfy** your every desire. I've had lots of pleasure training these girls how to please **YOU**. So you get **real** conversations with **real** women, as hot as you can handle.

This is the service you've been waiting for.

Too good to be true? Just call us and see for yourself! I'm sure you'll enjoy it as much as I do ;-)

Best regards,

Bob James

QUEST

Does the colour of your hair dictate your performance in bed? Do blondes have more fun? Should the collars always match the cuffs? Shall we ask four female readers to find out? Okay then, we will...

Name: Caron
Age: 24
Marital Status: Boyfriend
Home Town: Aberdeen

Do you believe that blondes have more fun?

Yes and no. Since meeting my boyfriend, Ewan, I've been having loads of fun, even when my hair was its really boring natural light brown colour. But I have to admit that my going platinum blonde has stepped things up another gear!

What made you decide to go blonde?

Ewan's always drooled over blondes when he's watching TV or a film, or when we're reading *Mayfair* together. I decided to go blonde as a surprise for him. I got it done professionally, but that's not the end of it.

> "I *parted* my **labia** so he could see my **wet clit**"

When I got home, I was swanning around trying on some sexy white undies I'd bought, and just getting used to myself as a blonde. I loved it, in fact the only thing that bugged me was that... well, my collar didn't match my cuffs! My pubes are about two shades darker than my natural head hair.

What did you do about this?

I couldn't be bothered dying my pubes so I thought I'd shave them off instead.

My boyfriend loved the new look and the way I played it was perfect. We've got a little tradition every month that when he comes back from work I'll be waiting in bed for him. This time, when I heard his key in the door, I knelt over the foot of the bed, so that the first thing he'd see when he walked in would be my bald pussy lips framing a very wet and excited hole. As he came into the bedroom, I reached back and parted my arse cheeks with my hands. A little trickle of wetness ran out of my cunt, and I could hear how desperate Ewan was to fuck me. He just ripped his jeans down and the next second he'd stuck his cock up me.

> "He *slid his* **cock into** *me then* **fucked** *me slowly*"

He grabbed my hips and started shagging me really fast: the whole bed was shaking and creaking as I braced myself against it. I was trembling with excitement when he grunted, "Up on the bed". I lay on my back and slowly and deliberately spread my legs. "Fuck me," I teased, as he trailed his fingers up my moist slit.

He slid his cock back into me, then fucked me more slowly this time, with my legs up over his shoulders. Normally when he does this it's so he can play with my tits. This time I had to grope them myself, as he couldn't stop playing with my muff. He kept stroking it, and parting my labia so he could see my wet clit. Then he pressed his thumb against it, pulling it against his shaft as he ground around inside me. Within a minute I was coming around his shaft, my juices trickling out as my inner muscles spasmed.

> "*Ewan got* **most** *of his spunk* **inside me**"

"That's got to be the sexiest thing I've ever seen," he said. He carried on screwing me hard and deep, then pulled out. He splayed my thighs as wide apart as he could, and I can imagine how it must have looked – my shaven labia made my juicy, fuck-swollen slit look even pinker than ever. Using my fingers, I stretched my hole right open, then Ewan aimed and shot his load at it. He got most of his spunk inside me but he saved the final jet of jizz to splatter all over my mound, and he spent a horny half-minute stroking and rubbing it in with his cock.

> "*He couldn't stop* **playing** *with my* **muff**"

Describe what happened next.

When we came back down to earth, he leaned over and kissed me, and he kept stroking my blonde head hair. He didn't admit to it, but I reckon he hadn't noticed it before. I suppose I can forgive him under the circumstances!

So, are you still a born-again blonde?

Very much so. I try to get my roots done – up and down – every time Ewan's due back from the rig. When I didn't quite get around to it once, I made another sexy discovery. He's got a bit of a thing about women with 'tarty' black roots and we've had some really dirty sex when I've played on that. I dress up like a hooker, slap on a load of cheap lipstick in the sluttiest shade I can find, then suck his cock until he comes. Well, it makes sure it's me he keeps coming home to, and anyone who knows me would tell you that I wouldn't do anything for him unless I got off on it too!

> "*I let his* **cock** *slip from my* **mouth** *and* **down** *to my* **tits**"

Do you believe that blondes have more fun?

No way! I'm naturally brunette, and I get more than enough fun. That said, it's definitely true that the colour of your hair has some bearing on how blokes treat you and expect you to act.

What makes you so sure?

I've experimented with different looks, and really, all it takes is a wig. It's like any sort of dressing up really, most girls act a little differently when they're wearing jeans and a T-shirt to when they've got a slinky dress and sexy underwear on, and I felt like a different person when I changed my hair colour.

So, have you ever tried going blonde for a night?

Yes, at a pub I don't usually go to, wearing this brilliant, realistic wig. Being blonde got me noticed, which was nice, but I did tend to get the bimbo treatment. Still, I milked it for all it was worth! Knowing I could have my pick of the blokes was a big power trip, and a big turn-on to me. The only trouble I had was deciding who, then these two blokes – Luke and David, obviously good mates – started getting a bit competitive over me. I finally put them out of their misery by standing in between them and snogging first one and then the other. Then I said to them, "Listen, fellas, I can't spend the night with you, but I'd like a bit of fun before I go." Then I led them out to the pub car park.

> "*He rubbed the* **head** *of his* **prick** *against my soaking* **knickers**"

How did they respond to this?

Seeing the look on their faces was pretty funny. It was like their dirtiest dream had come true, but they didn't know how to handle it. I leaned up against the wall and said, "Okay, who's going first?" All Luke could do was fumble his keys out of his pocket and say, "Let's get in my car... more privacy."

Describe what happened next.

I got into the back of the car with David and snogged the face off him. We were horizontal on the back seat by the time Luke pulled out of the car park with me lying on top of Dave. Every time we stopped at a light or a junction Luke would look back to see what we were doing, so I made sure the sight was horny. I pulled my tits out over the top of my dress and reared up so Luke could have a crafty suck until the lights changed.

When we were out of town he kept driving. I kissed my way down Dave's chest, and pulled his cock free of his jeans. It was already straining and when I started to wank it, stroking the head against my tongue as I pulled back the foreskin, it just got harder. Out of the corner of my eye I saw Luke tilt his mirror, then he just pulled off the road.

He unzipped his jeans then he just watched for a while, wanking himself hard as I got stuck into sucking his mate. Dave's prick dribbled pre-come and I raised my head to snog Luke, letting him taste the saltiness on my tongue.

> "*He* **spunked** *right down my* **throat**"

Dave groaned but I kissed him to shush him. Then I slid up his body, rubbed the head of his prick against my soaking knickers, and pulled the gusset to one side and sank down on his length.

Luke got out, opened the door and stood there wanking himself. His prick was also dripping pre-come, and I had to lean forward to catch it on my tongue before it dripped onto Dave!

I cupped Luke's balls and wanked him from the base of his dick, so he could thrust into my mouth. Soon my mouth was so full of pre-come and saliva I had to swallow, so I angled my throat and without giving him any warning I took the entire length of his shaft down it. He moaned, and Dave, who could see it all happening six inches above his face, pulled me tighter down onto his cock and ground it deeper inside me, making me suck even harder on Luke's prick! I finally sucked him so hard he came and I let his cock slip from my mouth and to my tits, so I could squeeze and wank it between them as he was spurting.

> "*I cupped Luke's* **balls** *and* **wanked** *him from the base of his* **dick**"

Dave was still hanging on so I decided it was time to finish him off too. I slid back down and sucked his prick clean of my juices, deep-throating him in the process. Then I took a few good hard sucks on his helmet until he spunked right down my throat. As I crouched there, playing his cock all over my lips, Luke got in behind me. I felt him swipe his tongue up my slit, then he said, "Looks like he's got you ready for a proper fucking. He licked me while he got himself hard again then shagged my cunt doggy-style while playing with my arsehole.

And you're convinced all that was down to you being blonde?

Definitely. I went back to the same pub the following week, but as my brunette self to see if it had a different effect. Dave and Luke were there but they didn't even notice me – which isn't to say I didn't pull! Now I'm wondering what'll happen if I go there as a redhead or if I have a really short crew-cut style. A mate of mine reckons all the blokes will fancy me with red hair, but will be too terrified to chat me up. Sounds like I could have some fun!

> "I think he could **come** just from looking at my **hair**"

Do you believe that blondes have more fun?

I can't really answer that one. I'm blonde and I have a lot of fun, but as my hair's never been any other colour I can't really make a comparison. I would say, though, that my hair is my best feature. I know it's what first attracted my fiancé to me.

Describe what it looks like.

It's naturally light blonde and really long. If I don't get it trimmed I can sit on the ends of it. It's thick, but not coarse – it's silky. My fiancé really likes it and would never allow me to cut it. In fact I think he has some sort of fetish as he makes a lot of it during sex. When we make love he can't stop touching and playing with it. It's an important part of our love-play.

> "His **spunk shoots** out, **splattering** my hair"

What sort of things do you do?

First of all he loves looking at it, so he'll get it how he wants. If I'm going on top, he'll arrange it so my nipples are sticking out between the strands. If he's screwing me from behind he also loves to see it in a ponytail, all fanned out over my back and shoulders like a cape.

What does he do then?

He spends ages looking at it, getting himself really worked up and horny, and no, it's not tedious for me. It's a huge thrill for me, knowing how turned on he's getting, that very few girls have what it takes to thrill him in this way. I also know that the longer I wait, the better the fucking will be! He'll be playing with my arse with his cock pressed along my crack, kneading my cheeks around it. I'll be able to feel it jerking and pulsing as he gets more and more turned-on. Sometimes, I think he could come just from looking at my hair, but I'm not having that! I'll start to wiggle my arse against him, and clench my pussy muscles, so my juices flow out all over his balls. He'll start to finger the head of his cock, then he'll start to play with one of my holes.

When he's ready to fuck me, he always starts off in my pussy. I love that split second between knowing he's about to stick his cock into it, and him actually doing it. Then it's more guessing, will he just carry on shagging my pussy, or will he pull out and fuck my arsehole? Sometimes he'll shag my pussy and finger my arsehole and when he leans forward, so he can bury his face in my hair, his body will press his hand against me, so his fingers is buried deep as he thrusts. I come so easily that way, especially if he's playing with my clit, too.

He never lasts long when he's got his face buried in my hair and when he's ready to come he pulls out. He holds his cock in his hand, or rests it along my crack again, then wanks or strokes it until he comes. His spunk shoots out, splattering all over my hair, and seeing it like that has to be one of his biggest turn-ons. At first, it looks like I'm wearing pearls in my hair, then it starts soaking in. He usually gets me to sit up on my haunches so he can watch it running down in sticky trails.

Sounds like a true fetishist to us! What else gets him off?

All kinds of games involving my hair. One variation was when he had me comb it down over my tits, like a veil, then he wanked off all over me like that..

He also loves the feel of my hair brushing against his cock, so sometimes I just crouch over him, swishing it around. I've actually made him come that way just by using my hair against his cock. I also use it as an extra turn-on in oral games. If I come into the bedroom wearing it up, he knows I'm about to go down on him. I've worked out how to get it all in place using just one hairpin and when he pulls that out all my hair falls down loose around his cock. The rule is he's not allowed to pull out the pin until he's right on the verge of coming.

I just love teasing him and I've got really good at stringing out my cocksucking, making a blow-job last for ages. I'll be giving his helmet a long, slow sucking, tonguing his helmet in just the right spot to tease him into a frenzy. Whether I swallow or let him spunk on my hair depends on my mood.

When I'm feeling really kind, I'll take my kink to the extreme, and wrap strands of my hair all around his cock and balls. That almost always leads to explosive results!

> "I'd wrap **strands** of my **hair** all around his **cock** and **balls**"

Do you two ever find the time for less fetish sexplay?

Of course we do. We often just tear the clothes off each other and fuck, or settle for a straight missionary position screw, and if I decide I just want to tie my hair back and keep it out of the way, it doesn't stop him from getting hard. It's not the most important thing. I love that he appreciates my hair, but if he got so obsessed he forgot about the rest of me we wouldn't last long!

> "When he's **ready** to **fuck** me, he always starts off in my **pussy**"

Name: Lynda
Age: 27
Marital Status: Single
Home Town: Basingstoke

Do you believe that blondes have more fun?

I reckon that's just a myth! There's more to sex appeal than hair colour. I've got my hair done in a sleek, shiny, black bob. It looks really stylish and sophisticated. It's not everyone's idea of sexy, but not everyone's my type either!

What is your type?

I'm bisexual, but recently I've been exploring my lesbian side. I haven't slept with a man in about a year. I've also got a bit of a thing about redheads – natural redheads. There's just something about them, it's hard to explain but it's like something chemical. I used to work with a girl who was obviously a natural redhead. I remember standing by her desk, and smelling this wonderful perfume. She was an instant turn-on!

Did anything sexual happen between you and her?

Nothing at all. She was married and straight, so all she did was give me a taste for redheads.

That's pretty accurate actually: I wanted to know if a red-haired girl tasted as sexy as she smelled! Anyway, I finally found the ultimate redhead about six months later.

Describe what happened.

We were both guests at a wedding, and when Jen turned up it was like – bam! The best way to describe her is a less pneumatic Jessica Rabbit: she's got the same 'starlet' hair. We finally got talking at the reception and that's where I persuaded her to ditch her plans of leaving early to get home that night. I said she was welcome to stay in my hotel room.

> "I'd love to see her **take** a **dildo** in her **red muff**"

Describe what happened there.

It was one of those situations when you just know you want each other, even when nothing's really been said. The second we got in the door, we kissed. Jen's hands were all over me, fondling my tits as her tongue explored my mouth, then she felt her way right up my thigh. She cupped my pussy through my panties then ran a fingertip along my slit through the silk gusset and said, "Do you always shave it?"

My hand was already creeping up her skirt. My pussy tightened when I felt stockings and suspenders and then the fullest, fluffiest bush I'd ever encountered. "Do you always go knickerless?" I asked, echoing her question.

She undressed me completely and Jen got down to just her stockings. My eyes were instantly drawn to her bush which was just a mass of deep red curls. She laid down on the bed, spread her legs, and I buried my face between them.

The scent of her was incredible and she was very wet. I was juicing up nicely too, and then she asked, "Aren't you going to lick me, then?"

> "I slipped a **hand between** my **legs** and started to **finger** myself"

As I took my first lick at her I couldn't stop thinking I was living out a fantasy and that the reality was even better. Her juices tasted stronger, almost concentrated, with a very subtle muskiness. She wriggled her hips, angling her cunt so my tongue slipped inside her. Her pussy walls felt so smooth against it and her sweet, slippery juices spread out over it. She was moaning with pleasure, raking her fingers through my hair.

She was so responsive, gyrating her bum and bucking her cunt against my lips. Some girls just lie there and take it, but sucking her was as much fun for me as it was for her. My juices were dribbling out of my hole and, with no pubes to soak into, they ran down my thighs. I slipped a hand between my legs and started to finger myself, then heard Jen say, "Turn around. Let me make you come."

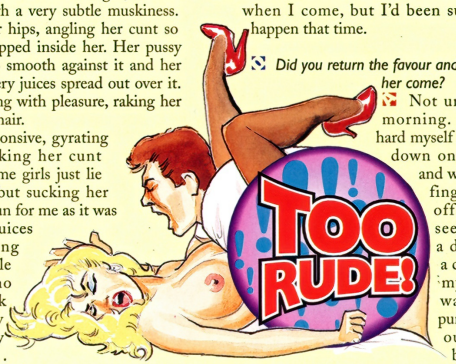
> "My **cunt juices dripped** out into her open **mouth**."

I swivelled my body, kneeling over her face. As I spread wide I felt my shaven pussy well up even more, then drip juices out and into her waiting open mouth. As I went back to tonguing Jen's cunt she sucked on my clit, then eased two fingertips, then another, into my hole. Soon she was fucking me with all four of them bunched up. My entire crotch was soaked with my foamed-up juices, and when she kissed my inner thighs her mouth felt wet and sticky too.

> "She **eased** two **fingertips**, then **another**, into my **hole**"

She used her other hand to tease my crack, running the tips of her fingers up and down it. I felt her rub my arsehole with pussy juices then sink a couple of fingers inside it.

She pumped me rhythmically in both holes, as she sucked and tongued my bud to ecstasy. By now I was so turned-on I was only able to kneel there, breathing in the delicious scent of her muff. "Suck my cunt," I managed to mumble. "Let me come in your mouth." Her fingers were so quickly and smoothly on my clit that I hardly felt the switch, then she clamped her mouth over my streaming hole. My pussy tightened and I felt my juices almost fountain out into her mouth. I don't always squirt when I come, but I'd been sure it would happen that time.



Did you return the favour and make her come?

Not until the next morning. I'd come so hard myself I just flopped down on the pillows and watched as she fingered herself off. I'd love to see her take a dildo, or even a cock. I'd come my brains out watching it pumping in and out of that beautiful red muff!

How are you doing, Jenny?
Brilliant. It's not long before I go away. I'm going to Peru.

Nice.
I'm going to go and find myself.

We could do that for you.
Uh-uh. I'm sure I can manage.

So what will that involve?
Getting to know who I am, finding the real me.

We know who you are – you're Jenny!
Ah, but what makes me think, what makes me tick?

Erm… your brains and heart?
I'm going to see if I can find out what life is all about. There has to be more to it than this…

If life is just pictures of you naked, we're most content.
[Laughs] Not sure if I can top that. How very Zen.

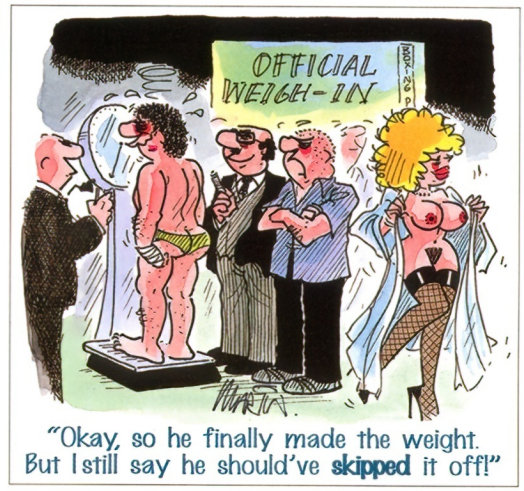
FLAT CHANCE

When my girlfriend Lisa and I first moved in together we screwed all over our flat. Of course, things cooled off a little after a while, but I still couldn't believe it when, one Friday morning, Lisa called me at work.

> "She had plump tits and a tight, juicy pussy"

"It's been a month since we last fucked," she said – enough of a shock in itself. "When you get home tonight," she continued, "you're going to shag the arse off me." Then she put the phone down.

I might as well have gone home then, for all the work I managed to do that day. Whenever I tried to concentrate on anything, my mind would drift to Lisa's body, to her plump tits and tight, juicy pussy, and I'd feel a twinge in my cock. By lunchtime, it was aching like mad, and I went into the gents to do something about it. A couple of strokes could have brought me off, but I decided to save it all for Lisa.



"Okay, so he finally made the weight. But I still say he should've **skipped** it off!"

By five-thirty my hard-on was killing me, and I spent the best part of twenty quid on a cab, rather than brave the rush hour. All I could think of was Lisa, naked on our bed, spreading her legs as I walked into the bedroom.

I let myself in and ran upstairs, only to find she wasn't there. Then the bathroom door opened, and she walked out, wearing high-heeled courts, stockings and suspenders.

"You like?" she teased, then told me to lie on the bed. I watched as she walked towards me, her tits bouncing with each step. She trailed a hand down her body, and I noticed she'd trimmed her pubes into a neat little triangle.

She straddled my body, her pussy juices dripping out onto the end of my cock. The sight of this coupled with the intense sensations I was feeling all over had my cock almost exploding before she'd even laid a finger on it. I had to grit my teeth to stop myself coming as she used her hand to guide it into her pink opening and as she sank down, her hot, wet hole engulfing me, I shot my load, filling her cunt with spunk.

She didn't look in the slightest bit surprised that I'd come so quickly, and she was well turned-on too. I was still hard inside her when she orgasmed.

> "Her pussy juices dripped out onto the end of my cock"

She leaned forward and kissed me, her soft tits brushing my chest, then she swivelled around to take my dick in her mouth. As she sucked my cock, lapping the spunk and cunt-cream from it, her pussy was over my face.

Our mingled fuck-juices flowed down her inner thighs, and I parted her labia, clamping my mouth over her hole to suck and lick her clean. She sucked me hard again, then slithered down my body, leaving a trail of fresh pussy juices on my torso. Then she rode me halfway to coming before getting on all fours so we could finish off doggy-style, letting me slide into her cunt from behind while I groped away at her drooping tits.

> "I shot my load, filling her cunt with spunk"

We spent the entire weekend fucking for every minute, just like when we'd first moved in. Now, whenever one of us wakes up in the mood for sex, we tell the other what they're going to be getting that night as an extra tease. Whoever it was that said anticipation is an aphrodisiac was spot-on as far as we're concerned.
